

PROTECT YOUR RECORD. HIRE A QUALIFIED COURT REPORTER.

A Voice Against Digital Reporters

Your client. Your record. Your case.

- ✓ Court reporters undergo specialized training and complete courses in court and deposition procedures, English, legal, and medical terminology.
- ✓ Court reporters make a live record of the proceeding from start to finish.
- ✓ Court reporters achieve advanced certifications and complete continuing education to keep current with technology and industry standards.

The dangers of digital/electronic reporters

- ✓ There are lower standards for certification of digital reporters.
- ✓ Most digitally recorded jobs are outsourced for transcription.
- ✓ Audio files are shared, jeopardizing sensitive information.
- ✓ Transcriptionists who are responsible for *certifying the transcript* are not present at the proceedings.
- ✓ The integrity of the transcript completely depends on audio quality.

**HIRE A HIGHLY TRAINED,
QUALIFIED COURT REPORTER.
SUPPORT LICENSURE.**

**Protect your
clients, protect
your case, and
protect yourself.**
